

EDUCATION IN INDIA 1971-72

MINISTRY OF EDUCATION AND SOCIAL WELFARE
GOVERNMENT OF INDIA

PUBLICATION No. 1107

PREFACE

The annual publication 1971-72 "Education in India" presents comprehensive educational statistics and a survey of the significant developments in the field of education during the year. Part I deals with the survey; Part II State-wise statistical data covering all aspects of Education.

Collection, tabulation and consolidation of educational statistics being a stupendous task, the publication had remained in arrears. The Sixth All India Conference on Educational Statistics, therefore, recommended for clearance of statistics in arrears up to 1975-76, the use of a simplified form. The present publication is based on the information collected through the simplified form and is the first in the series. Consequently, the manner in which the information is presented in this publication is slightly different from the earlier publications. For example, the break-up information is not as detailed as in the previous publications; nevertheless, the information listed is comprehensive and would be of great value to administrators, research scholars and planners.

The Ministry of Education & Social Welfare gratefully acknowledge with thanks the valuable help received from the Directors of Education of all the States and Union Territories and Heads of all educational bodies of the Centre and the States. The Ministry look forward to their help to bring out the pending publications expeditiously.

Suggestions for improvement are welcome and may kindly be addressed to the Joint Secretary, Planning & Statistics, Ministry of Education and Social Welfare.

NEW DELHI,
May 25, 1977.

EXPLANATIONS

1. **Academic Year**—For the sake of uniformity, the academic year in these tables is taken to coincide with financial year i.e. from 1st April, 1971 to 31st March, 1972.
2. **All statistics refers to recognised institutions only.** The recognised institutions are those in which the courses of study followed are prescribed or recognised by the Government or by a Board of Secondary and Intermediate Education constituted by law and which satisfy one or more of these authorities, as the case may be, that they attain to a reasonable standard of efficiency. They are open to inspection and their pupils are ordinarily eligible for admission to public examinations and tests held by the Government or the University or the Board.
3. **Institutions, Enrolment & Teachers**—Figures regarding number of institutions, enrolment and teachers relate to 31st March of the year.
4. **Expenditure**—In calculating the expenditure from Government, all payments or contributions from fees and other sources which are credited to such funds, are deducted. The expenditure figures cover the financial year.
5. **Indirect Expenditure**—Represents the amount incurred on direction, inspection, buildings, furniture, scholarships, hostels and other miscellaneous items. The expenditure on some of these items cannot be apportioned to each type of institution.

PART I—GENERAL SURVEY

GENERAL SURVEY

In pursuance of the National Policy on Education, the educational programmes included in the Fourth Plan continued to maintain their progress during 1971-72; but the programmes could not be executed fully due to financial constraints as a result of border conflicts with the Pakistan.

Out of the Plan allocation of Rs. 822 crores for education, a Plan provision of Rs. 157.74 crores was approved by the Planning Commission for the year 1971-72. Out of this Rs. 105.35 crores was in the State sector and Rs. 52.39 crores in the Central sector. The total budget of the Ministry of Education and Social Welfare was Rs. 85.17 crores (Plan and Non-Plan) and constituted 2.9 percent of the total budget on revenue account.

A brief account of the main activities in the field of education during the year under report is given below :—

(i) Elementary Education

In order to give a fillip to the realisation of elementary education, a Central scheme of appointment of 3,000 additional primary teachers and 240 Assistant Inspectors of Schools were evolved during the year. Besides, Rs. 27 lakhs were provided for giving free textbooks and stationery to about 9 lakhs beneficiaries, and Rs. 25.8 lakhs were provided for the expansion of midday meal facilities in schools all over the country. Financial sanction was also given for the introduction of work-experience in 1,000 selected middle schools in the country in order to give a practical bias to the curriculum of elementary stage.

(ii) Secondary Education

The qualitative improvement of science and medical education at the various levels of school education continued to receive priority; and under the Unesco/Unicef assisted pilot project for improvement of science education, instructional materials were provided to schools and training given to key personnel.

(iii) Education of Girls & Women

The recommendations of the National Council for Women Education made at its twelfth meeting for the promotion of the girls education *vis-a-vis* the recruitment of women teachers, literacy programmes for women, construction of hostels for girls, etc., were accepted and implemented by ten States and five Union Territories.

(iv) University and Higher Education

Two new universities, viz., Cochin University and Kerala Agricultural University (Trichur) were established during the year. Besides, the University Grants Commission gave its concurrence for the establishment of a university at Pondicherry. The recommendations made by the Gajendragadkar Committee relating to size of university, university autonomy and block grants, the role of Central universities, students' participation in university administration, etc., were accepted in principle by the University Grants Commission and the Government of India.

The University Grants Commission initiated a scheme relating to the award of National Scholarships intended to relieve teachers of outstanding eminence from their normal duties for a year or two to enable them to give their time and attention to research. The scheme envisages the award of emoluments payable to the teachers equivalent to their salaries and other allowances and a grant of Rs. 3000 each year for secretarial assistance, travel and other expenses on contingencies. Besides, there was a provision of making available an additional contingent grant upto Rs. 2000 per annum, wherever considered essential. Under this scheme, one national scholarship was provided in social sciences in the year 1971-72.

The University Grants Commission decided to make available grants for computers to the Universities in addition to the Fourth Plan allocations for their development programmes. The proposal of the Indian Institute of Science for the development of computers facilities was accepted.

The Government of India accepted the recommendations of the University Grants Commission for the revision of pay scales of the university and college teachers and agreed to give special assistance of the State Government covering 80 per cent of the cost of implementing the recommendations w.e.f. 1st April, 1966 for a period of five years ending March 31st, 1971.

(v) **Technical Education**

There was no further expansion in the facilities for technical education at the degree and diploma levels and the actual admission was maintained at the reduced level. In 1971-72, 18,197 students were admitted to the first degree courses in engineering and technical education and 33,154 students admitted to various diploma courses.

The number of places for the training of serving teachers at master's and doctoral level was increased to 200 to meet the increasing demand for training facilities for various institutions.

The programme of practical training for teachers in industry was initiated in 1971-72 and a little over 250 teachers were deputed for practical training in various public and private sector industrial establishments. For the training of polytechnic teachers, four Regional Training institutions have been established which offer a wide range of facilities, particularly in service training of polytechnic teachers. In addition, special provision has been made at the Institute of Technology to train teachers of engineering colleges for the Master's and Ph. D. degree.

The programme of sandwich courses for improving the practical content of degree and diploma courses, introduced in 1970-71, was further extended, thus covering a total number of 40 institutions in 1971-72. The programme envisages co-operation with industry to integrate theoretical engineering education with actual practical experience.

At the National Institute for Training in Industrial Engineering Bombay, a full-time post-graduate course in Industrial Engineering was started in July, 1971, with an admission of 19. The Institutes of Management at Hyderabad and Calcutta introduced Ph. D. course in Management. In the Ahmedabad Institute, a computer and a one-year programme in Management for Agricultural was started with an admission of 40 students.

A high power committee was set up to review the set-up of the 14 Regional Engineering colleges in the country and to recommend measures for their further development and financial arrangements necessary for the maintenance of these colleges in the future.

(vi) **Social Education**

There has been a greater involvement of the universities who took up adult education as an important component of their programmes of National Service Scheme.

Further, in pursuance of the recommendations of the National Board of Adult Education, it was decided to initiate pilot projects towards the speeding up of adult literacy in selected districts, intended to cover about 6 million illiterate adults in the first phase of the Fourth Plan period. The programme of functional literacy taken up in 100 high yielding varieties and in operation in 60 districts in 1970-71 was extended to cover 80 districts in 1971-72.

(vii) **Physical Education**

The organisation of the National Physical Efficiency Drive, has been entrusted to the Lakshmibai College of Physical Education, Gwalior w.e.f. the year 1971-72. The participation target was increased from 10.6 lakhs to 18.5 lakhs during the year under report.

(viii) **Scholarships**

During the year, 400 scholarships and fellowships were offered by various foreign Governments and organisations to Indian nationals for study, research and training abroad. Of these, 301 scholarships were utilised. 99 scholars from foreign countries came to India for research work or studies in the various fields of education under the Government of India's scholarship schemes. Besides, schemes of Overseas Scholarships for Scheduled Castes and Scheduled Tribes, National Scholarships Scheme for the Children of School Teachers, Junior National Scholarships Scheme and various other scholarships schemes for studies in India were continued.

A new scheme, viz. National Scholarships Scheme for Study Abroad, was initiated in 1971-72 to provide financial assistance to meritorious students who do not have the means to go abroad for post-graduate studies. 58 students scholar were selected.

Another new scheme, "National Scholarships at the Secondary State for Talented Students of Rural Areas", was instituted w.e.f. 1971-72 with the object of achieving greater equalization of educational of rural talent for the purposes of promoting National Integration. The scheme is being administered as a Central Scheme through the State Governments who make the selections.

(ix) **Book Promotion**

The various programmes for the book promotion viz., providing support for the writing of quality books at University level, republication of low-priced editions of standard works originally published in U.S.A., U.K. and USSR, production of books in core subjects, reduction of prices of university books by means of subsidies, etc., were continued during the year.

In pursuance of recommendation of the second meeting of the National Board of School Textbooks held in May, 1976, the problem of modern management techniques in textbook production was taken up for study by Department of Textbooks of the N.C.E.R.T.

As part of the International Book Year Celebrations in India, the National Book Trust organised, in cooperation with the Federation of Publishers and Booksellers Associations in India, a World Book Fair at Windsor Place, New Delhi from 18th March to 4th April, 1972. Outstanding books published in India since independence were exhibited at this Fair.

A National Writers' Camp was held during the World Book Fair from March 26 to 31, 1972 in which about 100 eminent writers in various Indian Languages and English participated and presented papers on various topics.

(x) **Development of Languages**

A Conference of eminent Linguists and sociologists was held in the Central Institute of Indian Languages, Mysore from October 11-13, 1971 to draw a blue-print for the proposed Socio-linguistic Survey of India. The Conference resolved that survey projects be undertaken by the Central Institute of Indian Languages, Mysore, University Departments of Linguistic and Social Sciences and other adequately manned institutions.

A conference on Language Instruction through Mass Media was held in December, 1971, at Mysore and was attended by the linguists, psychologists and mass media experts. The Conference discussed the nature and type of instructional material to be prepared, steps to be taken to prepare such material, and to frame general guidelines for the implementation of these programmes.

(xi) **National Integration**

On the suggestion of Committee of Educationists and Students' Leaders for evolving a suitable National emblem for the National Integration Samitis, an All India Competitions was held inviting entries from the students of universities, colleges and art colleges for selecting the best entries and for awarding the cash prize of Rs. 3000 for the same.

First meeting of the Review Committee on National Integration Programmes in the Ministry of Education and Social Welfare was held on 10th February, 1972, to review the various programmes being implemented and having a direct and indirect bearing on the promotion of National Integration. The Committee gave its suggestion for modifying, strengthening and expanding existing programmes for achieving National Integration.

STATISTICS

Institutions

The total number of educational institutions in the country decreased from 6,53,493 in 1970-71 to 5,97,117 in 1971-72. This shows a decrease of 8.6 per cent over the previous year. It will be seen from Table 1.01 that even though there was a decrease in the number of institutions of certain types which was very nominal, and abnormal decrease to the extent of 69.8 per cent was observed in the case of schools for social (adult) education which decreased mainly in Maharashtra State. Excluding social (adult)

education schools, the total number of educational institutions in the country increased from 5,52,374 in 1970-71 to 5,66,616, showing an increase of 2.6 per cent as against 1.9 per cent in the previous year. Barring a few types of institutions which recorded a decrease, and a few others whose number remained stationary, increase was observed in all other types of institutions. The break-up of total number of institutions by type of education with comparative figures for the previous year is given in Table 1.01.

Enrolment

The total number of pupils receiving instruction in all types of recognised institutions increased by 21,65,872 from 8,24,03,400 (5,39,77,399 boys and 2,84,26,001 girls) in 1970-71 to 8,45,69,272 (5,53,63,683 boys and 2,92,05,589 girls) in 1971-72, which gives an increase of 2.6 per cent. The corresponding increase in the previous year was 1.7 per cent. Girls students constituted 34.5 per cent of the total enrolment as compared to 34.7 per cent during 1970-71. Barring a few, all types of institutions showed an increase in enrolment. As was expected, the maximum increase in enrolment was in primary schools (12,19,218), followed by middle schools (6,99,727) and high/higher secondary schools (3,96,557). Substantial decrease was reported by social (adult) education schools (6,19,464) due to discontinuation of social (adult) education centres in Maharashtra State, as already mentioned. The comparative distribution of pupils by type of institution for the years 1970-71 and 1971-72 is given in Table 1.02.

Total enrolment by stages is given in Table 1.03. There was a general increase in enrolment at all stages of education excepting under-graduate level (general and professional education) and other education (school and college level). The huge decrease in other education enrolment of school stage was due to enormous decrease in enrolment in social (adult) education. The maximum increase in enrolment by stages was at primary stage, followed by high/higher secondary and intermediate stages respectively. Of the total enrolment, 67.3 per cent students were at primary stage, 16.5 per cent at middle stage, and 10.0 per cent at the high/higher secondary stage. The distribution of remaining students was as follows: pre-primary stage 0.5 per cent, vocational/special/other education (school standard) 1.2 per cent, general collegiate education 3.2 per cent, and professional and other collegiate education 1.3 per cent.

Educational facilities were available to 79.8 per cent of school-going children in the age-group 6—11 (classes I-V), 33.7 per cent to the age-group 11-14 (classes VI-VIII), 18.6 per cent in the age-group 14-17 (classes IX-XI), and to 4.2 per cent in age-group 17-23 (university stage general education). The corresponding percentages in the previous year were 78.6 per cent, 33.4 per cent, 18.5 per cent and 3.9 per cent respectively. Statewise picture of the schooling facilities is depicted in Table VIII of Part-II.

Teachers

During the year under report, the total number of teachers in all the recognised institutions increased from 25,38,161 (19,60,546 men and 5,97,615 women) in 1970-71 to 26,69,007 (20,36,195 men and 6,32,812 women) in 1971-72, the rate of increase being 4.3 per cent (3.8 per cent for men and 5.9 per cent for women teachers) as compared to 3.7 per cent (3.1 per cent in case of men teachers and 5.7 per cent in case of women teachers) in the previous year. Women teachers constituted 23.7 per cent of the total number of teachers as compared to 23.4 per cent in the previous year. The number of teachers increased in all categories of institutions.

Of the total number of teachers in schools for general education, the number of trained teachers in primary, middle and high/higher secondary schools was 8,96,003; 5,63,580 and 5,07,113 as against the previous year's figures of 8,54,705; 5,34,167 and 4,73,724 respectively. The percentage of trained teachers to total number of teachers in primary, middle and high/higher secondary schools was 81.6 per cent, 84.7 per cent and 77.1 per cent respectively as compared to previous year's corresponding percentages of 80.5 per cent, 83.8 per cent and 75.3 per cent respectively. All India details of teachers by type of institutions are presented in Table 1.04. Statewise details in regard to average number of pupils per teachers in various types of institutions and trained teachers in schools for general education may be seen in Tables III-A and III-B of Part-II respectively.

Expenditure

The total expenditure on all recognised educational institutions in the country amounted to Rs. 1,237.48 crores in 1971-72 as against Rs. 1,118.29 crores in 1970-71. This shows an increase of 10.7 per cent and is the same as in the previous year. Of the total expenditure, Rs. 1,068.53 crores (83.1 per cent) constituted direct expenditure and 168.95 crores (13.7 per cent) was indirect expenditure. The corresponding figures for the previous year were Rs. 961.06 crores (85.9 per cent) and Rs. 157.22 crores (14.1 per cent) respectively.

Of the total direct expenditure, highest was expended on high and higher secondary schools (Rs. 300.57 crores or 24.3 per cent), followed by primary/junior basic schools (Rs. 257.99 crores or 20.8 per cent) and middle/senior basic schools (Rs. 188.47 crores or 15.2 per cent).

The direct expenditure under all heads showed an increase. The largest increase in the amount was in the case of high/higher secondary schools (Rs. 30.57 crores), followed by primary schools (Rs. 23.42 crores) and middle schools (Rs. 17.53 crores). In terms of percentage, the maximum increase in expenditure was in case of colleges for other education (106.7 per cent) which was due to the payment of arrears to teachers as per U.G.C. scales of pay w.e.f. 1966 in Andhra Pradesh, followed by research institutions (17.9 per cent), and colleges for general education, (16.6 per cent). The detailed distribution of expenditure by heads of charge is given in Table 1.05.

Three-fourths (74.8 per cent) of the total direct expenditure was spent on salaries of teaching staff which amounted to Rs. 799.21 crores. The remaining Rs. 269.32 crores or 25.2 per cent was expended on salaries of other staff, equipment and other appliances and other items. All-India picture of the total direct expenditure on education by objects is shown in Table 1.06.

The total Government expenditure on education during the year under report was Rs. 938.72 crores, which constituted 73 per cent of the total (direct and indirect) expenditure on education as compared to Rs. 845.95 crores or 75.6 per cent in the previous year. Of the total Government expenditure, Rs. 805.31 crores (85.8 per cent) constituted direct expenditure and Rs. 133.42 crores (14.2 per cent) formed indirect expenditure. The corresponding figures for the previous year were Rs. 723.32 crores (85.5 per cent) and Rs. 122.63 crores (14.5 per cent) respectively. The All-India picture is shown in Table 1.07.

PART II—STATISTICAL TABLES

PERCENTAGE OF ENROLMENT IN GENERAL EDUCATION TO THE CORRESPONDING POPULATION 1971-72

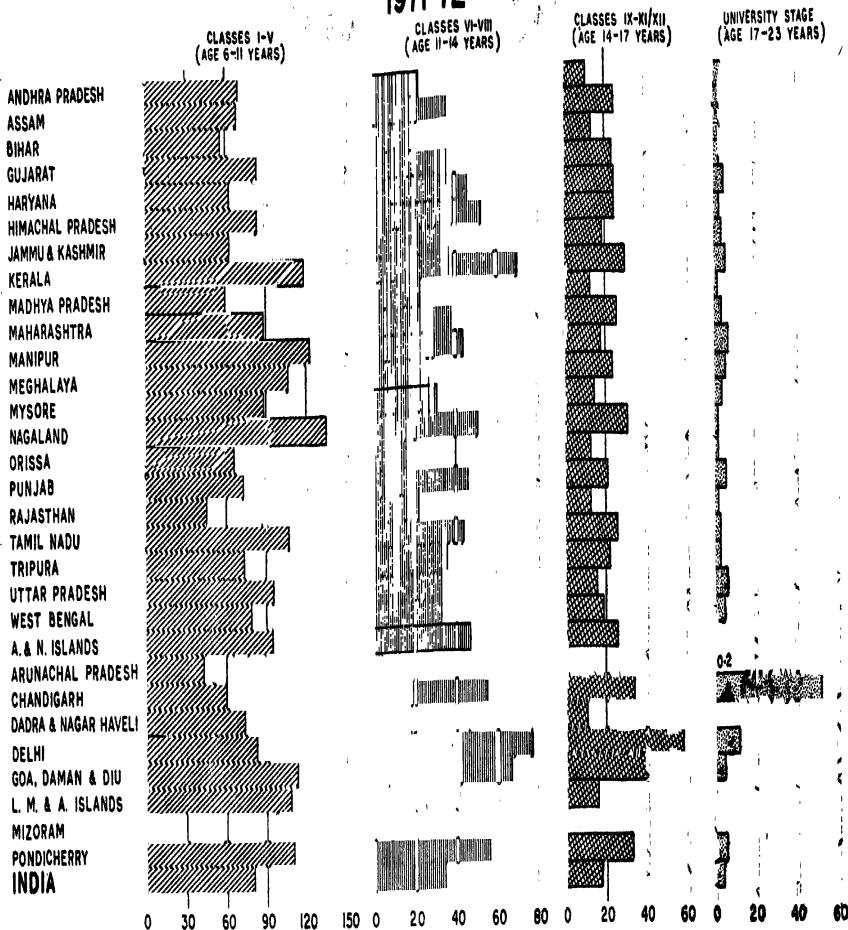

TABLE I—USEFUL COMPUTATIONS AT A GLANCE

I. Total Area in Kms.	32,80,483
II. Total Estimated population (in 000's) 1972	5,57,970
III. Annual Cost per capita on Education	Rs. 22.2
IV. Average Annual Cost per Pupil in :	
(a) Primary/Junior Basic Schools	Rs. 60.9
(b) Middle/Senior Basic School	Rs. 90.4
(c) High/Higher Secondary Schools	Rs. 183.1
(d) Arts & Science Colleges	Rs. 419.0
(e) Engineering & Technological colleges	Rs. 1,591.8
V. Teacher-Pupil Ratio in :	
(a) Primary/Junior Basic Schools	1:39
(b) Middle/Senior Basic Schools	1:31
(c) High/Higher Secondary Schools	1:25
(d) Arts & Science colleges	1:24
VI. Percentage of Trained Teachers in :	
(a) Primary/Junior Basic Schools	81.6
(b) Middle/Senior Basic Schools	84.7
(c) High/Higher Secondary Schools	77.1
VII. Enrolment in classes :
